

Primary and PE Sport Premium funding, which started in April 2013, is additional money delegated to schools. Each school receives £8000 plus £5 per pupil for those on roll in Years 1-6. The funding must be spent on improving the provision of Physical Education and sport for the benefit of pupils so that they develop healthy lifestyles.

High Wych CE Primary School is committed to improving the life choices of our children and have spent the money to ensure increased quality physical activity through increasing clubs and resources and professional development.

April 2013 to March 2014 we received £5,409.

April 2014 to March 2015 we received £8,621.

April 2015 to March 2016 we received £8,892.

This money has been used in a variety of ways over the years and the Governing Body, through its link Governor has monitored and evaluated its spend. The money has been spent in the following way:

- New netball and football league participation
- Gym and Dance club participation for identified children
- Professional development for staff in Gym and Dance
- Swimming lessons for identified children
- Professional development in Netball
- TA hours for member of staff with responsibility for PE
- School sports crew training (leadership skills for pupils in Year 5 and 6)
- Maypole demonstration to parents by year 5 children
- "Change for life" club run by Year 5 children to promote a healthy lifestyle
- Subsidised attendance at sports activity clubs
- Sports week in the summer term to encourage children to participate in outdoor learning, giving opportunities to try out new activities, including triathlon for Year 6 (held at Leventhorpe School), visits to local sports activity centres and activities within school
- Children have had specialist coaches in to improve their skills at handball, tag rugby, hockey and cricket

- During the summer term we supported our new sport of Gaelic Football.

Through our involvement with the Sports partnership pupils have been able to take part in a wide variety of competitions, including cross country, gymnastics, basketball to name but a few. There has been an increased range of clubs available to the children resulting in good participation and attendance at these sessions.
